

## Woodshop Worker

Are you looking for a fun and engaging place to work? Would you call yourself a problem solver? Are you an ardent learner who's always looking to improve? Do you consider yourself to be patient, level-headed and cool under pressure? Can you play nice with people and machines? If so, then stop searching, my friend... we have a role that's right up your alley.

### Who we are:

We are a leading custom closet company that's been making customers absolutely giddy for over 30 years. To put it simply, we make the best closets in the land. Period. But we don't just stop there. We specialize in laundry rooms, mudrooms, home offices, pantries, garage units... heck, even murphy beds. That's right, even the very bed where you rest your head. No matter the space or size, we custom design and build efficient solutions that are suited to fit our customers' needs.

### A typical day:

We're looking for hardworking go-getters to assist on the production floor. This isn't your average "run of the mill" job position where we're going to stick you in one spot. We're looking for movers and shakers. We want someone who wants to excel in multiple areas and is eager to learn the business inside and out.

### Responsibilities include, but are not limited to:

- Use of contour edge bander
- Use of sliding table saw
- Assisting operators on saws and edge banders
- CNC operator
- Drawer box cutting, mortice and tenon machine operation and assembly
- Shipping & Receiving
- Stacking Wholesale jobs to be shipped out
- Making daily improvements to make your job easier

### Who you are:

- Your mindset is: Anything worth doing is worth doing it right, every single time.
- You pay attention to the details - nothing falls through the cracks on your watch.
- You're a great team player who can communicate clearly.
- Teaching someone something new makes you feel all warm and fuzzy inside.
- You can think on your feet. If things change, you know how to roll with the punches.
- You are motivated and driven. You volunteer for new challenges without waiting to be asked.

### Extra awesome qualities:

- You have experience in a "lean" culture
- You have read the book: 2 Second Lean, by Paul Akers
- Your second vehicle is a forklift

### We Offer:

- A solid training program
- A professional and pleasant work environment
- Paid Vacation
- Sick/Personal days
- 401k program with 3% match
- Monthly improvement bonuses
- Monthly lunches/BBQs & weekly breakfasts

**Job Type:** Full-time
